Employee of the Month

Did you know that TFS has a program that recognizes and rewards those employees that stand out for their work performance? If you can meet the following requirements you can be selected to win our employee of the month which includes a \$150 bonus in addition to being recognized on our next newsletter.

To be eligible you would need to have:

No complaints for 30 days

Pass our Quality Control inspection with a minimum score of 3.8

Maintain good attire at all times (ID displayed at all times, uniform clean and neat, black pants and black shoes, etc.)

For more information, please contact your supervisor or visit online:

Good luck!

In Case of Emergency

It is important that all companies adapt an emergency plan. And since we live in a hurricane active environment, knowing who to call and what to do once a storm passes is very important to all.

What to Do:

After any storm, make sure that your family and belongings are ok. Once this step has been taken, report yourself immediately to TFS by calling 1-800-371-0015. TFS will most like be working immediately after a storm to help our customers any way we can in cleaning and securing their places of business.

The "Tip" of the Trimester

We all know that it is part of our responsibility to sweep the 20 foot perimeter around our bank's exterior, but when is it the best time to do this? The truth is that the sooner one cleans these surroundings, the better the results. That's mainly because of visibility: the later in the evening the work is done, the more likely that you will have poor lighting to help see. But more important is your well-being. Just to be on the safe side, do it as soon as you arrive to the bank or property to avoid any complications.
