# Landscaping Services

Total Facility Solutions can provide professional landscape and ground maintenance services to an array of locations, including sport fields, residential, and commercial communities, and can service both the private and public sectors.

We have the proper personnel, equipment and management systems to ensure the best and most professional attention and care to meet your landscaping needs. We understand how important having a clean and well-manicured landscape can be to your property. It can play an integral part in the image your establishment works hard at upholding.

With TFS, you can be assured that our entire team will make it our priority to help you make the best impression, every time.

Total Facility Solutions landscaping division provides a full range of landscaping services for commercial & residential properties.

From installations to regular maintaining & up-keeping of your landscaped grounds, TFS can service any area no matter the size.

TFS can facilitate all Landscaping services, including:

- Complete Lawn Care
- Trash & Large Debris Removal
- Hurricane Preparedness & Post Clean Up
- Irrigation Repair & Installation
- Mulching
- Landscape Design & Installation
- Tree Trimming
- Canopy Setting
- Fertilization & Infestation Control

"Service Driven and Environmentally Conscious" that's TFS' Company Practice.

# Tree Services

A proper tree care program can maintain your trees looking beautiful while keeping your property safe. How? Our proactive tree clearing program can:

- Improve the visibility of your property
- Reduce potential damages to your structures  
Reduce any potential liabilities
- Help avoid emergencies that can impact your budget

TFS can inspect your property and provide you with a preventative maintenance program which will include ongoing site inspections, scheduled pruning and proper year-round fertilizations.

Call us for a complimentary assessment of your property.
